

FINISHES

STANDARD FINISHES

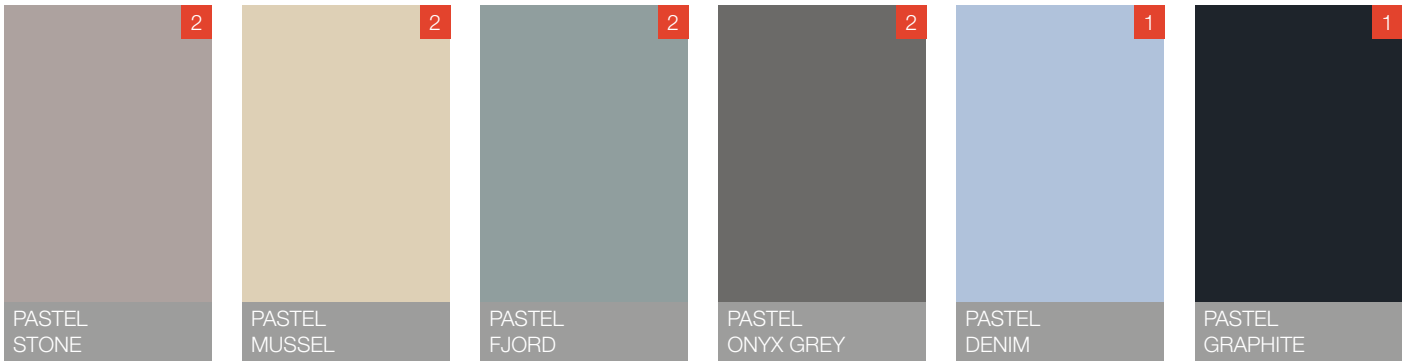

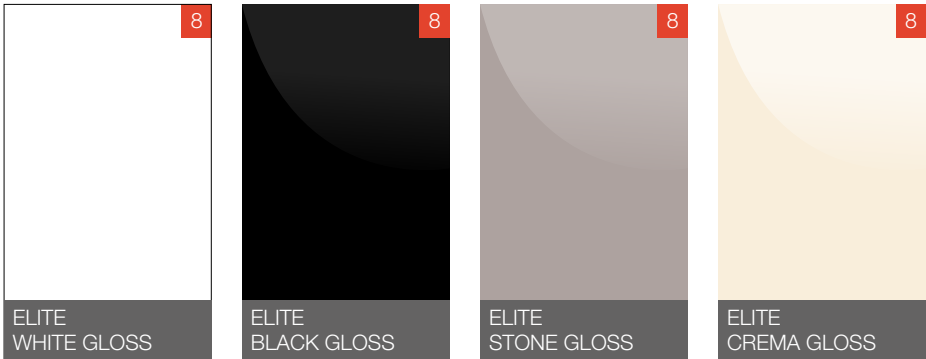

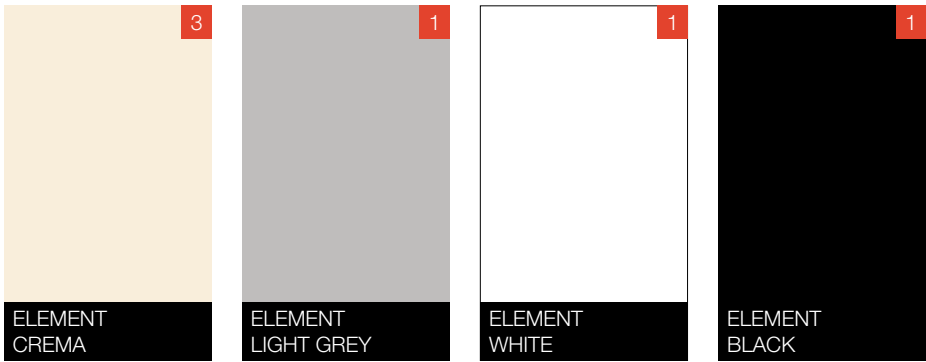

Our standard finishes are made from durable MFC. The finished result is a beautiful, quality product at a reasonable cost.

We offer an extensive range of finishes across a variety of woods through to soft pastels and bright, bold colours. These also feature a broad selection of textures so you'll be sure to find just what you're looking for.

A wide range of colours and alternative finishes is also available.

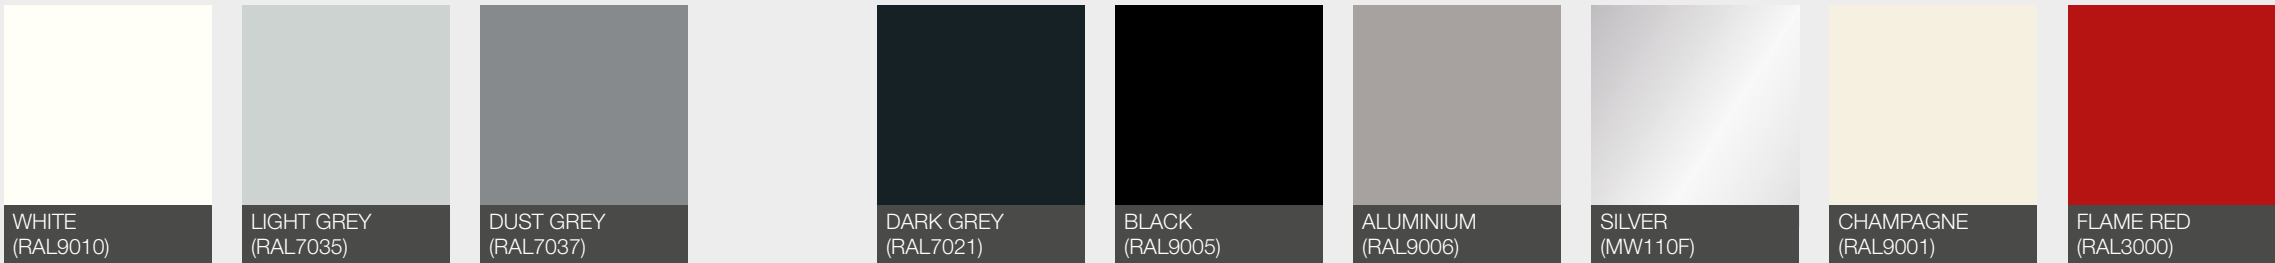

Textures:

- 1 Smoothtouch Pearl
- 2 Smoothtouch Matt
- 3 Smoothtouch Velvet
- 4 Deepskin Linear
- 5 Omnipore Matt
- 6 Authentic
- 7 Feelwood Rift
- 8 Gloss

TRACK FINISHES

A wide selection of colours for our perimeter tracks are available to seamlessly blend them with the rest of your storage solution.

STANDARD FINISHES TEXTURES

1. Smoothtouch Pearl

A mini-pearl texture with a medium gloss level, this surface is robust and very durable.

2. Smoothtouch Matt

A very soft and natural feel, works well on matt surfaces.

3. Smoothtouch Velvet

A smooth, flat surface finish with low gloss levels and low maintenance, works well with a wide variety of woodgrains.

4. Deepskin Linear

A deep brushed finish with a matt-gloss linear grain, which offers a realistic surface for linear woodgrain decors, giving them more naturalness and depth.

5. Omnipore Matt

Using a depth of texture instead of varying gloss levels, the surface achieves a natural look.

6. Authentic

A highly authentic and realistic surface for solid wood/material reproductions.

7. Feelwood Rift

An authentic solid wood finish, which is emphasised with its surface, giving a tactile feel.

8. Gloss

A smooth gloss finish, suited to colour and woodgrains.

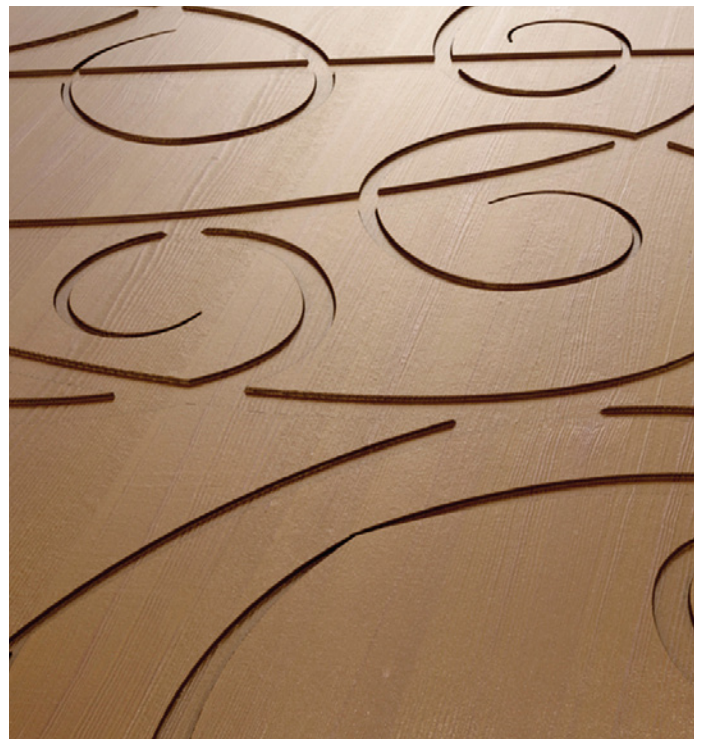

SPECIAL FINISHES

Our special finishes are easy to incorporate into your complete design scheme.

Recognising the importance of sound management in the work place, our Acoustic board for StorageWall absorbs sound, reducing noise reverberations.

Our pin boards are a staple for any functioning work space, whilst our dry wipe surfaces enable ideas sharing and displaying key information.

Adding a creative twist, decorative sculptured panels can be created in a range of finishes with a bespoke, CNC routed design that is infinitely impactful.

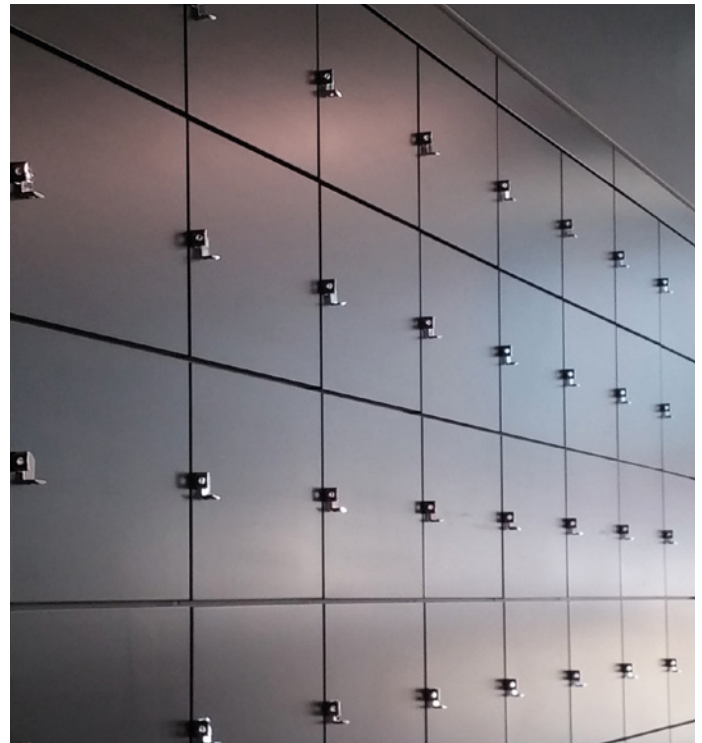

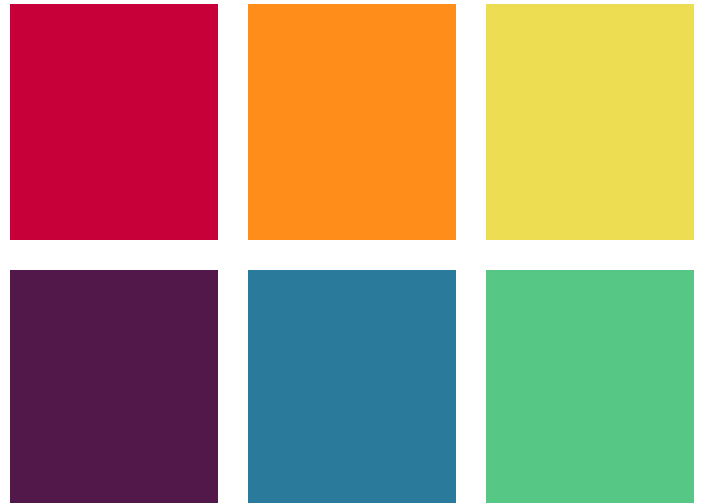

OTHER FINISHES

While the real beauty of our storage systems is much more than skin deep, our attention to every detail means that we make sure the finish is nothing less than flawless. Whether you are looking for colour laminates, veneers or something different then we can probably help you find what you are after.

Please do get in touch to explore our range of other finishes, including your own customised colours.

They've all been chosen for their quality and durability as much as their aesthetics so you can be sure that you're not compromising on practicality or style.

GRAPHICS

Make your StorageWall system truly your own with great looking, long lasting graphics.

Much more than a decorative finish, we've developed our graphics to be protective and offer long term durability.

So if you want a long lasting, striking finish, while making a real statement with your brand or creating a bespoke design that makes for an impressive space in which to work, we'll bring your ideas to life.
